

# ARO-Style Plugs

Stainless Steel Precision Fittings · Male plug · ARO 210

Stainless ARO-style quick-coupling plugs — corrosion resistant and built for food, pharma and washdown environments where brass is not allowed.

| Parameter        | Value                                         |
|------------------|-----------------------------------------------|
| Thread           | NPT / BSP                                     |
| Material         | Stainless steel 304 / 316L                    |
| Working pressure | Per request                                   |
| Flow rate        | Full bore                                     |
| Temperature      | -20 °C to +150 °C (316L)                      |
| MOQ              | 1000 pcs / item (mixed-SKU accepted)          |
| Certification    | None yet (CE / ISO 9001 available on request) |
| Sample lead time | 3 – 5 days                                    |

*Typical operating ranges are confirmed on the approved drawing / TDS before production. Full technical drawing, dimensional inspection report and material certificate (RoHS / REACH) are available on request.*
